Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Customer Journey	Stage 1 – Upload & Start Analysis	Stage 2 – AI Processing & Evaluation	Stage 3 – Results & Report
Actions What does the customer do?	- Opens the Streamlit application. - Uploads an audio file (WAV/MP3). - Enters the reference concept and clicks Analyze Concept.	- Waits while the system transcribes speech. - Views semantic similarity and speech analysis. - Reviews comprehension score and feedback.	- Views final evaluation dashboard. - Downloads the PDF report. - Uses the feedback to improve future performance.
Touchpoints What part of the service do they interact with?	- Streamlit Dashboard. - Audio Upload Component. - Reference Text Input.	- AI Processing Engine. - Speech-to-Text Module. - Semantic Analysis & Waveform Visualization.	- Results Dashboard. - PDF Report Generator. - Download Button.
Customer Thought What is the customer thinking?	"Is my audio uploaded correctly?" "Will the system understand my explanation?" "How accurate will the evaluation be?"	"The system is analyzing my explanation." "I hope I receive a good score." "I'm curious about my communication quality."	"Now I know my strengths and weaknesses." "The feedback will help me improve." "I can use this report for learning and practice."
Customer Feeling	Curious, Slightly Nervous, Hopeful	Interested, Excited, Engaged	Confident, Motivated, Satisfied
Process Ownership	User & Streamlit Interface	AI Processing Modules (Whisper, Sentence-BERT, Librosa, Scoring Engine)	Report Generation Module & User
Opportunities How can we improve this stage?	- Add drag-and-drop upload. - Support live voice recording. - Display upload progress.	- Reduce processing time. - Provide real-time progress indicators. - Support multiple languages.	- Store evaluation history. - Provide personalized learning recommendations. - Add performance trend analytics.
